# JavaScript: The Game

Lab 3

# Rules

**1**    If you have Syntax Error, Solve it yourself. You are able to do that.

**2**    Mentors exist to guide you *to the best way to solve the problem* **not** *to solve the problem or your syntax errors.*

**3**    Steps of Solving the problem:
- Think.
- Think again.
- Use Pen and Papers to convert your thoughts into Procedures.
- Convert your previous pseudo code into JavaScript Code using its syntax rules.
- Don't be afraid of syntax errors. It is easy to solve. Read it clearly and you will solve it.
- Check the output of every step you do and then check them all.

**4**    The most important rule is to enjoy challenging yourself and don't stress your mind by the headache of assignments delivery's deadlines.
